<b>AVERAGE</b>	18.1	44.6	310.6	383.0

NWS Bismarck, ND statistics showing the number of FFW (Flash Flood Warning), TOR (Tornado Warr SVR (Severe Thunderstorm Warning), and TOTAL issued each year.

Note - the numbers reflect the number of counties warned, not the number of warnings issued. One warning may be for multiple counties.

Note - through the entire period, NWS Williston counties are included under NWS Bismarck (the above Note - the CWA (County Warning Area) changed for the 1995 season (LaMoure and Dickey counties were moved from NWS Fargo / Grand Forks to NWS Bismarck).
